

Thank you
Thomas!
Job
Well
DONE!

June 25, 09

Ten years ago we moved into our Danville home with great kitchen tile counters, but they had outdated chocolate colored grout. The Grout Specialist Co. came in, protected my floors and cabinets, cleaned years of dirt, grease and mold off, while preparing for the grout painting process. When they finished, these counters looked brand new. We were thrilled.

Now, 10 years later we called the Grout Specialist Co. back to freshen those now 20 year old counters. We're getting the same clean service and were also having our tiled bathroom shower regROUTED. This is a great alternative to remodeling. It all feels so fresh and new.

Thank you Thomas, to you and your crew for a job well done.

Pattie Helmer, Danville, CA
